INVESTMENT OBJECTIVES

Investment strategy

- **Stable:** The Fund's investment strategy focuses 100% on fixed income assets including deposits and certificates of deposit of banks, reputable financial companies, and corporate bonds.
- **Risk Limit:** The Fund does not invest in highly volatile assets such as stocks, futures contracts, options, etc.
- **Reasonable allocation:** The majority of assets are invested in deposits, certificates of deposits of banks and reputable financial companies, and the rest in bonds issued by enterprises, Vietnam's leading economic delegation with strict terms of collateral, payment guarantee or redemption commitment. Most of the bonds must satisfy the conditions to be listed on the HSX and HNX
- **Diversification:** Investment sectors include financial banking, energy, retails, minerals and real estate.
- **In-depth analysis:** Investment Fund actively bases on general analysis of macro, actual operations of industries and detailed evaluation of business results of each enterprise. Bonds are screened, considered about the conditions of income and collateral to satisfy the requirements of safe and effective investment.

DISCLAIMER

Investors should carefully read the Prospectus, Fund Charter and relevant documents before making investment decisions and pay attention to fees when trading fund certificates.

Fund certificates are not certificates of deposits, negotiable instruments or valuable papers as prescribed in the banking sector, fixed income assets or guaranteed investment income assets.

The price of fund certificates may fluctuate according to market movements and investors may incur losses on their initial investment given unfavorable market conditions. This document should not be used for the purpose of accounting and tax recording or to make investment decisions. Please note that the past performance of investments is not necessarily indicative of future performance. The NAV per unit and the Fund’s income can increase or decrease and could not be guaranteed by SSIAM. Investors should do their own research and/or consult experts’ advice to make appropriate investment decisions.
